

二氧化碳检测仪

LED数字显示/液晶屏+背光模式

二氧化碳/温度/湿度/甲醛浓度/空气质量

多重检测 稳定可靠

CO₂

二氧化碳

温度检测

HCHO

甲醛浓度

湿度检测

TVOC

空气质量

For educational services

It is suitable for office, family, gym and other occasions, with a wide ranges of applications

Small and portable, easy to carry, does not take up too much space, can be installed in the home

Carbon dioxide detector

Power

USB Charging

Description:

- *1. CO2 Detection Range: 400-6000PPM
- *2. CO2 Detection Sensitivity: 1PPM
- *3. TVOC Detection Range: 0-2PPM
- *4. Temp Measurement Range: 0~60 °C
- *5. Temp Measurement Accuracy: ± 1 °C
- *6. Humidity Measurement Range: 0%~99%RH
- *7. Humidity measurement Accuracy: ± 2 %RH
- *8. Charging Mode: DC5V 500mA micro USB interface

*9. Battery: built-in lithium battery 1200mAh

*10. Size: 9*7*4cm/3.54*2.75*1.18inch

*11. Screen: about 2.75inch

*12. Net weight: about 175g

Features:

*1. 5-in-1: can use as a carbon dioxide concentration detection, thermometer and hygrometer at the same time.

*2. Battery supply: built-in 1200mAh lithium battery, use USB charging cable to charge it.

*3. Color screen: display the current CO2 data, temperature and humidity data. The colored ring will change according to the CO2 content.

*4. Easy to operate: long press the "on-off" key for 3 seconds to turn on and off. It will detect the CO2 automatically.

*5. Compact and portable: can be placed in the kitchen, living room, bedroom, or take it when going out.

Package Includes:

1x CO2 Meter

1x USB Charging Cable

1x Manual

Built-in 1200mha lithium battery,canstand about6-8 hours with a full charge

The product has two colors offor option:black and white

Configured with2.8" TFT display,

Product size: 90 x 70 x40 mm weight: 122g

Color box size: 115 x 115 x 50 mm,

weight: 175g

The color box contains: machine x 1, manual x 1, USB cable x 1

Carton size: 80 pcs per carton, 475 x 595 x 215 mm, gross weight: 14.5Kg
