

MICRO Combispeeder of extra long design with swivelling ring action of up to 90° .

MICRO Combispeeder set with self-positioning ring end, 6-piece.

MICRO-Combispeeder of extra long design with swivelling ring action of up to 90°.

The 72-tooth inner ring gear, made of special high alloy steel, allows ratcheting even when the spanner can only be moved through 5° . Nevertheless, the torque transmission capacity far exceeds the DIN/ISO standards and this enables the longer design. CrV steel shaft, chrome-plated, with a satin finish to pamper your hands. Clear, laser inscribed sizes avoid any confusion.

The self positioning action of the ring means extreme ease of use, even after being used many times over. The spanner's flexibility remains unmatched. The self positioning action of the ring is ideal for tight locations.

One each 10, 13, 16, 17, 18 and 19mm of the long version, in a sturdy powder coated steel box.

2 YEAR GUARANTEE!

For full professional use!

Inversible joint:
 Unbeatable in tight places!

The extremely compact exterior measurements (A+B) and very slender head offer superior accessibility.

Ratcheting function is ensured even when the spanner can only be moved 5° . The ratchet system with fine tooth drive is perfect in situations where conventional spanners cannot be turned!
