- 材質:天然橡膠，無粉
- 數量: 每包 1000 PCS
- 手指套內含防靜電成份，不產生靜電。
- 穿戴簡便，可以有效隔絕手指部位產生的濕氣，防止產品遭受污染破壞。
- 方便工作人員處理極小之零件。

**We produce natural latex finger cots for electronic component and food handling uses as well as for non-medical use.**

**For these specific purposes, our finger cots are formulated and specially produced to minimize the protein and irritant contents as per our quality system and US FDA 21 Code of Federal Regulation.**

**In addition, we perform physical properties, bioburden, and protein analysis tests to ensure our commitment to the safety of end-users**

- **Comply with ASTM D 3772 Standard**
- **Certified for ISO 9002**
- **Produce with premium natural latex**
- **Low in protein level ( less than 5 ug/ml extractable protein)**
- **Non-skin irritant**
- **Packaging available in one-, 10-, 200-gross, and 1,000-piece (by weight)**

Natural Finger Cot

- **Ordinary finger cots are suitable for utility, industrial, or general purpose such as food handling**
- **For non-medical use**
- **Available in small, medium, and large**

Chlorinated Finger Cot

- **Cornstarch powder residue is removed by a chlorinating process, which provides a perfect solution for cleanroom use in high-tech and electronic industries**
- **For non-medical use**
- **Available in small, medium, and large**

Anti-static Finger Cot

- **Anti-static finger cots prevent discharge of static electricity which makes them appropriate for electronic component handling purpose**
- **For non-medical use**
- **Available in small, medium, and large**
